

Musculoskeletal (MSK) Health and Care across the Pathway

Tuesday 16 May 2017

Registration opens at 9:00am | 9:30am – 3:45pm

Haydock Park Racecourse, Newton-le-Willows, Merseyside, WA12 0HQ

Location/directions are available via the link below:

<http://haydock.thejockeyclub.co.uk/plan-your-race-day/visitor-information/directions-parking>

The purpose of this day is to hold a practical event which brings together regional, national, patients and other keys stakeholders to understand what is working well and what is not and to explore the data sources and national tools which can help us gain the insight needed to make improvements.

Our objectives are:

- To run a practical event that brings together local MSK stakeholders to share what is working and current challenges.
- To explore overlays of data to aid insight about where we need to focus.
- To kick-start discussions towards agreeing local priorities and actions which will have the greatest impact.
