Introduction, aim and objectives

In response to Better Births and national planning guidance, each maternity provider is aiming to book 20% of women onto continuity pathways from March 2019.

As maternity staff working in Greater Manchester and Eastern Cheshire (GMEC) this is your opportunity to learn more about how continuity of carer can be implemented across your local maternity system (LMS) and how your support is essential in achieving this.

The aim is to help answer those difficult questions and create practical solutions which you can take back to your workplace.

Target Audience

Maternity providers and higher education institutes within Greater Manchester and Eastern Cheshire, Greater Manchester and Eastern Cheshire Strategic Clinical Network, The Royal College of Midwives and Greater Manchester and Eastern Cheshire Maternity Voices Partnership.

Hashtag

#LMS #ContinuityofCarer
