Introduction

Greater Manchester Health and Social Care Partnership will be holding this event to provide an update on the progress of the implementation plans in relation to the £134m GM MH investment proposition that was agreed by the GM system at the end of July 2017.

Aim

As we opened this session up to all the MH stakeholders in Greater Manchester it is our aim to ensure that we keep all the relevant groups informed on the work we have done to date and what we are planning to do on the MH Programme.

We will ensure that this session is an interactive event, whereby there will be plenty of opportunity for all stakeholders to get their voices heard.

Target Audience

- Mental Health stakeholder in Greater Manchester
