This conference is for people interested in learning more about parent infant mental health who are living or working within Greater Manchester. Colleagues from outside of this area will only be guaranteed a place should capacity allow.

The conference will:

- Promote a Greater Manchester approach to understanding the whole system requirements for perinatal and parent infant mental health
- Showcase parent infant adult IAPT 'Babies Can't Wait' service
- Showcase integrated perinatal parent infant approaches
- Highlight role and function of specialist perinatal mental health services in meeting the needs of families
- Highlight the latest thinking and interventions to meet the needs of families on the edge of care
- Bring together practitioners and experts from adult, child, maternity, social care, early years and perinatal and parent infant mental health services
