

Dear Colleagues,

Further to previous correspondence when I advised that we would be organising a face-to-face Endometriosis event for the North West and North East and Yorkshire, this has now been confirmed and will be held on Thursday the *14th of March 2024*. This will be an all-day event at the Mercure Hotel in Manchester Piccadilly. The event will summarise our actions and work to date with key aims and objectives for the service going forward.

Please be advised that registration is essential to attend the event, even for colleagues who have already accepted the hold in their diaries.

Please note that the event capacity is limited to 100 participants.

Registration closes on the 7th of March at 1700hrs.

Registration will be on a first come, first served basis. Prospective attendees are encouraged to register early to secure a booking.

I am grateful for all of your input so far into the 3 task and finish groups addressing the main issues of Workforce, Clinical Pathways and Data, and the outcomes from your T&F groups will feed into the event.

Further details including the agenda for the day will be shared shortly.

*Kind regards,*

*Paula*
