

NORTH WEST PHARMACY RESEARCH AND GENOMICS WORKSHOP

DATE: Thursday 11th September 2025

TIMINGS: 09:30 am 'til 4:00 pm

VENUE: Whitworth Art Gallery, Oxford Rd, Manchester M15 6ER.

Join us for our first in-person event dedicated to advancing pharmacy research and innovation across the North West.

WHY ATTEND?

- Inspire delegates to get more involved in research
- **Provide insights into research within the Network of Excellence for Pharmacogenomics and Medicines Optimisation**
- Attend a workshop to work through the various stages of turning a research idea into a funded clinical study
- **Showcase pharmacy led research projects**
- Highlight funding opportunities for pharmacy professional led research
- **Enable networking to encourage partnerships and collaboration among researchers, academic institutions, healthcare organisations and practitioners**

If you didn't receive this email directly, and would like to be added to the mailing list for further updates, please email gareth.malson1@nhs.net

NB: We anticipate the cost being free for registered pharmacy professionals.

Collaborative partners:

NHS England Workforce, Training and Education - School of Pharmacy and Medicines Optimisation (SoPMO)
NHS North West Genomic Medicine Service Alliance
