Introduction

We are proud to host our 5th Annual Prevention and Management of Stillbirth meeting to update our colleagues on aspects of prevention of stillbirth, how to improve patient experience, and optimally manage intrauterine fetal death and second trimester pregnancy loss.

We have brought together key speakers to share their wealth of knowledge and expertise to drive forward exceptional patient care across the northwest.

This meeting is also our opportunity to celebrate the collaborative and partnership working amongst all medical, midwifery and nursing professionals in the northwest.

Aimed at

Obstetricians (trainees and Consultants) Midwives, Pathologists and all maternity service support professionals involved in the care of women and their families.
