### Introduction

Continuing on from our commitment and programme of developing clinical leaders across Greater Manchester.

Working with our existing esteemed clinical leaders we are also interested in developing our up and coming aspiring clinical leaders from across all disciplines to deliver our devolution ambitions whilst supporting the delivery of the GM Taking Charge which aligns to the long-term plan.

The theme for the day is '*multi-agencies working in partnership across systems; future clinical leadership*'.

### Target Audience

This summit aims to bring together a wide range of our clinical leaders (medics, nurses, midwives, AHPs, social care and independent sector workers).
