Date: 18 April 2019

Dear Colleague

**Re: GM Clinical Leaders' Summit II – Working in Partnership across Systems; Future Clinical Leadership**

It is my pleasure to invite you to our 2<sup>nd</sup> Clinical Leaders' Summit which will be held on **Friday 14 June 2019 from 9:00am – 4:00pm** at Manchester United Football Club, Old Trafford, Manchester.

Following our successful inaugural summit in November last year, we are continuing our commitment and programme of developing clinical leaders across GM. Working with our existing esteemed clinical leaders we are also interested in developing our up and coming aspiring clinical leaders from across all disciplines to deliver our devolution ambitions whilst supporting the delivery of the long-term plan. The theme for the day is ***'working in partnership across systems; future clinical leadership'***.

This programme builds on the outputs of the last summit, exposing colleagues to a number of high level speakers from across the political, national and international system to supplement our GM devolution vision of improving the lives of our population at neighbour/locality and system level, whilst delivering our GM Prospectus and the NHS Long-Term Plan.

In bringing a wide range of our clinical leaders (medics, nurses, midwives, AHPs, social care and independent sector workers) together gives us the opportunity to work with those clinicians leading work across the whole GM system to facilitate a story of what their contribution is. The intention being for them to grow in confidence to influence the top tier of system governance and vice versa.

We are expecting to attract approximately 200 clinical leaders to the summit. In which we would like to give an opportunity for you to encourage your aspiring clinical leaders to attend. We will be writing separately for you to nominate key clinicians who have an ambition to work across the system or are currently supporting this level of work and will be our system leaders of the future.

Your leadership and influence at this summit is crucial to build a culture for existing and future clinical leaders to improve integration, partnership working and above all improve the care we give to our patients and residents of Greater Manchester.

Confirmation of attendance can be made online via  
<https://www.events.england.nhs.uk/events/clinical-leaders-summit-ii---working-in-partnership-across-systems-future-clinical-leadership>

Should you have any queries regarding the event or the emerging programme, please contact Michelle Davies, Events and Engagement Manager on [michelle.davies9@nhs.net](mailto:michelle.davies9@nhs.net) in the first instance.

We look forward to seeing at the summit.

Yours sincerely

**Dr Richard Preece**  
**Executive Lead Quality / Medical Director**
