

Smoking Cessation for Young People with Emerging Psychosis

Thursday 18 July 2019

Registration opens (with lunch) at 12:30pm – 1:00pm – 4:00pm
Manchester Central Fire Station, Thompson Street, Manchester, M4 5FP

Location/directions are available via the link below:

<https://manchesterfire.gov.uk/contact-us/manchester-training-centre/>

Introduction

People experiencing mental illness have higher prevalence of smoking than the general population. This event focuses on resources to support young people with emerging psychosis to quit smoking. It builds upon the national drive for parity of esteem of physical and mental health, and the importance of physical healthcare in early psychosis.

Aims

To focus on resources to support young people with emerging psychosis to quit smoking.

To build upon the national drive for parity of esteem of physical and mental health, and the importance of physical healthcare in early psychosis.

To examine the evidence and available interventions to promote smoking cessation in early psychosis.

Target audience

This afternoon workshop is aimed at those involved in the early intervention in psychosis field who have a particular interest in physical health care.

Hashtag

#GMSmokingcessation
